News from National

The FFVF newsletter from Valley Forge featured Chattanooga Chapter Chattanooga, TN

On September 21, the Chattanooga Chapter took part in the 7th Annual University of Tennessee at Chattanooga Constitution Day Lecture. This year's guest lecturer was David Bobb, President of the Bill of Rights Institute. Mr. Bobb's morning lecture was titled "Pluralism and Religious Livery: A View from the American Founding" and his evening lecture: "Humility, Moral Virtue, and the Constitution". This event brought the students from the area middle schools, high schools, and universities, faculty and staff from various institutions, and community members.

After an extensive nationwide search, the National Board of Directors has named David Harmer of Bountiful, Utah the new President and CEO of Freedom's Foundation at Valley Forge. His first day will be February 1, 2018.
