Dear Friends,

“A people that values its privileges above its principles,” warned President Dwight D. Eisenhower, “soon loses both.”

Preserving America’s founding principles mattered so deeply to Eisenhower that, in 1949, he helped establish an organization to do precisely that: Freedoms Foundation at Valley Forge. As we approach our 75th anniversary, we remain wholeheartedly committed to Ike’s vision.

Through the generosity of benefactors like you, we bring students and teachers from throughout the nation to Valley Forge, crucible of the Revolution. Here we show them what their forebears sacrificed to give them the blessings of freedom. We boldly and faithfully advocate what Ike was unashamed to call the American way of life. We teach that the rights of citizenship carry corresponding responsibilities, and that freedom ultimately rests on character.

To see the urgency of our mission, just watch the news. With partisan divisions bordering on tribalism, and too many students being taught America’s faults and flaws more than her blessings and opportunities, our work is more needed than ever.

We’re ready to meet that need! Although the pandemic forced a temporary suspension of in-person instruction, we quickly pivoted to online offerings, then resumed on-campus seminars as soon as conditions permitted. Our calendar for the coming year is filled with an ambitious schedule of student and teacher programs.

What makes all this possible is, of course, your support—for which we thank you.

Cordially,

David Harmer
Chief Executive Officer
OUR MISSION

Our country is an experiment in self-governance rooted in the Declaration of Independence, Constitution, and Bill of Rights, which provide the guiding principles of our representative democracy. Without informed and civically engaged citizens, our country and our freedoms will cease to exist.

 Freedoms Foundation at Valley Forge educates students and teachers about the rights and responsibilities of American citizenship, inspiring them to preserve and advance our freedoms.

100%

of teachers say they learned something new from one of our programs.

Over 14 million students have been impacted or influenced by Freedoms Foundation programs since 1949.

1949

Freedoms Foundation at Valley Forge is founded by Dwight Eisenhower, Kenneth Wells, EF Hutton, and Don Belding.

MORE THAN
100,000 students

have participated in a program through Freedoms Foundation.

MORE THAN
14,000 teachers

40,000 hours of direct educational instruction to students annually on America and our system of limited self-government.

97%

of Spirit of America students say they are more prepared to vote when they turn 18.
We’re proud to recognize and thank our program partners

★ DAVA Department of California
★ Knights of Columbus (Fr. Emil Kapaun Assembly 3274)
★ Mannington Ruritan Club
★ Military Order of the World Wars (MOWW)
★ National Sojourners
★ Rotary District 7450
★ Union League Legacy Foundation
★ United States Naval Sea Cadet Corp
★ VFW

PROGRAM OVERVIEW

Spirited of America Youth Leadership

More than 100,000 high school students from across the country have participated in our Spirit of America Youth Leadership program – a transformative weekend that engages students directly with the first principles of freedom. Along with a thorough understanding of civic responsibility, students leave inspired to do their part in securing the liberties that only an active citizenry can safeguard in their own communities, guided by a greater appreciation for our history, ideals, and the relevance of our country’s founding documents.

As a result of the severity of the pandemic which resulted in closing our campus to all in-person programs, we created 11 virtual Spirit of America programs for 934 students from March to early June 2021.

Recognizing the value and impact of in-person learning, we shifted back to on-campus programs in June 2021 despite the hurdles posed by the ongoing global pandemic. Students from across the country traveled to our campus, nestled in historic Valley Forge, for our immersive low-tech, high-touch programs throughout the remainder of 2021.

“My time here has prepared me to develop skills that will carry me throughout my life as a citizen of the United States of America.”
— Amelia

“I learned the value of the U.S. Constitution, and how it relates to me.”
— Joel

“Not only did I learn about Congress and how to debate, but I learned that I should be confident in myself and that what I do matters.”
— Catherine
TEACHER PROFESSIONAL DEVELOPMENT

In 2021, we welcomed 244 teachers to our in-person graduate seminars which have provided over 14,000 teachers with history and civic content by exposing them to extraordinary scholars and thinkers in programs on the Constitution, American history, character development, and American values. Through their teachers, FFVF has impacted the education of over 14,000,000 young citizens.

“...the academic opportunities that a program like this provides are invaluable. Teaching AP US history, it is important to me to bring the most up-to-date historical thinking on topics. I feel that if my students know I am still learning, and I love learning about history, they see that enthusiasm in my classroom and in my teaching. They understand history is not a dusty, dry set of facts that never change. It is dynamic and requires critical thinking and discussion. It gets them engaged and interested in the topics we discuss." — Christina
SERVICE LEARNING IN PUBLIC POLICY PROGRAM (SLIPP)

High schoolers in our Service Learning in Public Policy program learn how to be catalysts for positive change in their world through a collaborative, lively, deliberative competition to develop viable public policies in legal, health, education, and economic fields. Through valuable community service projects, students are exposed to local realities which actively engage them in improving their communities while inspiring policy development. Their experience and interactions with policy experts result in newfound perspective and skills, which lay the foundation for the participants to be positive and engaging leaders in America.

HISTORY ENCOUNTERS

Appreciation for our country’s history and its ideals must begin at a young age. That is why History Encounters immerses elementary and middle school students in pivotal historic moments, allowing them to develop an invaluable personal connection to history. The education team develops a historical tour that aligns with the history curriculum being taught by a school, allowing students to walk in the footsteps of history and better appreciate what they are learning in the classroom.

2021 BOARD OF DIRECTORS

Our Board of Directors, staff, faculty, and chapters are critical in helping us facilitate our mission which affects the lives of our future generations. We’re proud to recognize their fierce dedication to preserving our American liberties.

The Freedoms Foundation at Valley Forge Legacy Society is laying a foundation for the future of our transformational programs. Anyone can participate, and there are multiple ways to make a legacy gift, both today and tomorrow.

Thank you to those who have already included FFVF in their estate planning. If you would like to know more about the Legacy Society or would like to let us know that FFVF is in your will, please email legacygifts@ffvf.org.

WHY MAKE A LEGACY GIFT? First and foremost, a Legacy gift is an investment in the future of freedom. It ensures FFVF reaches more students and teachers, maintains our beautiful 75-acre campus, and provides infrastructure necessary to carry out the mission. Second, your planned gift is your Legacy. Know that you will be remembered for your love of freedom by helping successive generations learn about their civic responsibilities as member of our republic. Finally, there are potential tax benefits for you, your estate, and your heirs. A tax-deductible Legacy gift can actually leave more for your loved ones.

LEGACY SOCIETY

BEQUEST

A bequest is usually a set dollar amount or percentage of an estate included in your will that goes to a nonprofit.

"I bequeath ($X or X% of my estate) to Freedoms Foundation at Valley Forge, a nonprofit corporation as described in section 170(c) of the Internal Revenue Code, with national headquarters located at 1601 Valley Forge Road, Valley Forge, PA 19481, EIN 23-1657857.

REAL ESTATE, SECURITIES, AND PERSONAL PROPERTY

In addition to a cash gift from your estate, your Legacy gift can be real estate, stocks and bonds, or personal property (including artwork, collectibles, etc.). Proceeds from the sale of these items would support the mission of Freedoms Foundation.

INSURANCE

There are two ways to make a Legacy gift through your life insurance policy:

- Name Freedoms Foundation as a beneficiary of your life insurance.
- Donate the policy to Freedoms Foundation and name us as beneficiary.

This allows FFVF the option of cashing in the policy upon donation or allowing the value to continue to grow.

RETIREMENT PLAN

You can name Freedoms Foundation as the beneficiary of a portion or all of your IRA, 401(k), or other Retirement Plans.

These can be the most heavily taxed portion of many estates, so a tax-deductible Legacy gift means your heirs may avoid income and estate tax.

CHARITABLE GIFT ANNUITY

A Charitable Gift Annuity allows you to transfer an irrevocable gift of cash or securities to Freedoms Foundation in exchange for a fixed income payment for life. What’s more, this gift plan entitles the donor to an immediate charitable income tax deduction. At the end of its term, the Charitable Gift Annuity balance goes to support the mission.

Consult your financial advisor to learn more about this Legacy giving option.

5 WAYS TO GIVE TODAY AND TOMORROW

Thank you to those who have already included FFVF in their estate planning. If you would like to know more about the Legacy Society or would like to let us know that FFVF is in your will, please email legacygifts@ffvf.org.

WHY MAKE A LEGACY GIFT? First and foremost, a Legacy gift is an investment in the future of freedom. It ensures FFVF reaches more students and teachers, maintains our beautiful 75-acre campus, and provides infrastructure necessary to carry out the mission. Second, your planned gift is your Legacy. Know that you will be remembered for your love of freedom by helping successive generations learn about their civic responsibilities as member of our republic. Finally, there are potential tax benefits for you, your estate, and your heirs. A tax-deductible Legacy gift can actually leave more for your loved ones.

My father taught me to value our American principles of freedom. He always felt teaching these principles to young people was imperative, but he never found the right institution to support in his will. When I discovered Freedoms Foundation and the impact it has on teaching young people, I knew it was the perfect way to honor my father’s love of freedom. As a retired middle school teacher, I was happy to name Freedoms Foundation at Valley Forge as the beneficiary of my teacher’s retirement plan and to make a gift from my trust in honor of my father. Not having children of my own, I’m thrilled to help ensure that future generations of young citizens will learn the same lessons my father taught me.

Finally, there are potential tax benefits for you, your estate, and your heirs. A tax-deductible Legacy gift can actually leave more for your loved ones.
My family and I decided last year to support the Freedoms Foundation with a commitment from our estate. Past generations had shared hardships – wars, economic depressions, disease – that tested American resilience and proved our system to be, as the modern philosopher Taleb calls it, Antifragile. Each time our nation has faced excruciating challenges, it has rebounded, and been stronger for it. And I believe that our devotion to the principles enshrined in the Declaration and the Constitution is the reason why. We have six children and we are deeply concerned that, without this organization, a small but loud faction could seize their entire generation with a distorted story about our origin. Our estate commitment to the Freedoms Foundation is our way of passing the ideas we hold most dear to those we hold most dear. — Jon Nehlsen

RECOGNITION AND BENEFITS FOR LEGACY SOCIETY MEMBERS

LEGACY SOCIETY MEMBERS WILL BE:

★ Recognized uniquely in the annual report, on the website, and in occasional newsletters.

★ Invited to participate in a conference call and Q&A with FFVF’s president, Board members, and/or scholars.

★ Invited to attend major FFVF functions and occasional regional events.

★ Receive a Membership Certificate (suitable for framing) and a Society Pin.

★ Have a brick inscribed with your name placed in the Walk of Honor on campus.
AMVETS NATIONAL LADIES AUXILIARY

JOAN SIREK - NATIONAL PRESIDENT 2021-2022

As current national president, Joan began raising funds to replace all 82 windows in MacArthur Hall which houses a classroom, dining room, 15 dormitory rooms, and more. The replacement of the windows, which are antiquated and inefficient, will allow Freedoms Foundation to keep utility bills down and divert more funds to teachers and students for programs on American history and our country’s founding documents.

“When I was an Americanism Officer and was able to go to AMVETS Spirit of America Youth Leadership Conference, I was amazed how students from all over the United States interacted in all the activities on campus, learning about their civic responsibility. Never has that been more needed than today. In helping them replace the windows in the MacArthur building, we will not only help bring efficiencies and savings on utility bills, but we help make sure Freedoms Foundation is educating citizens for years to come.” —Joan Sirek

DEE BAGGETT – NATIONAL PRESIDENT 2019-2021

Dee raised $56,000 to fund the purchase and installation of a back-up generator, for the MacArthur building. This proactive measure will enable programs to continue on campus even when the power goes out during inclement weather. The generator allow for heating and lighting to continue uninterrupted, as well as allowing the kitchen to serve meals. Most importantly, it will be safe to remain on campus through the power outage.

“I believe we should always remember our rights and responsibilities as citizens, which is what Freedoms Foundation is teaching our children every day. I have always wanted to help keep their lights burning bright for future generations.” —Dee Baggett

MARVELL RUPPEL – NATIONAL PRESIDENT 2017-2018

Our current FFVF board member Marvell raised nearly $60,000 to replace and expand the outdoor lighting on campus. The lighting will enhance the safety and security for all program participants, staff and faculty, and local community members for years to come.

“There is a nationwide decline within our education system when it comes to teaching youth about civics and our Constitution. Freedoms Foundation provides powerful, interactive programs to youth regarding the history of our country, value, and citizenship, and they provide graduate programs for teachers to enhance their instruction in the classroom and reach students who may not be able to attend Spirit of America Youth conferences. I have witnessed the transformation that the AMVETS sponsored Spirit of America Youth Conference has had on my children as well as others who have attended the program especially when it comes to being more civic minded and active within their communities. I can’t say enough about the amazing work that is being done by Freedoms Foundation to perpetuate the ideals of freedom, citizenship, and leadership.” — Marvell Ruppel

CONNELLY FOUNDATION

Through the generosity of the Connelly Foundation, Freedoms Foundation provided scholarships to high school students throughout the Archdiocese of Philadelphia, for their Spirit of America Youth Leadership Program (SOA). As a result of this incredible partnership, Freedoms Foundation hosted the first 36 scholarship-funded Catholic private school students from twelve schools in November 2021.

Over the next three years, Freedoms Foundation will welcome students from across the Archdiocese of Philadelphia to learn about our country’s founding documents and core Freedoms Foundation principles of civic responsibility. Through interactive lectures, workshops, and historical experiences, students are taught how to use these principles to become productive, effective leaders in their schools and communities.

THE CONNELLY FOUNDATION WILL PROVIDE SCHOLARSHIPS TO:

900 students IN 3 years FROM 40 schools
DISTINGUISHED CITIZEN AWARDS

Since 1952, Freedoms Foundation has honored more than 260 outstanding individuals and organizations with the Distinguished Citizen Award for actions that demonstrate civic responsibility and a lifetime of service their community.

The Distinguished Citizen Award is reserved for those whose dedication to civic duty fulfills the highest ideals of our nation’s Founders. Recent recipients have included Joan Carter and John Aglialoro, Drs. Jack and Pina Templeton, and Alan B. Miller. Among the notable past honorees were British Prime Minister Margaret Thatcher, civil rights activist Marian Wright Edelman, Chief Justice William Rehnquist, tennis legend Arthur Ashe, and teacher Jaime Escalante.

All recipients have...

- CONTRIBUTED TO CIVIC RESPONSIBILITY AS OUTLINED IN THE BILL OF RESPONSIBILITIES
- DEMONSTRATED OUTSTANDING ACHIEVEMENT OVER A PERIOD OF YEARS
- MADE A SIGNIFICANT CONTRIBUTION TO THEIR COMMUNITY, STATE OR NATION
- SERVED AS AN INSPIRATION TO OTHERS

The Board of Directors at Freedoms Foundation at Valley Forge recognized William P. Benac Sr., Mark W. Romney, and The Lynde and Harry Bradley Foundation as the 2021 recipients of our Distinguished Citizen Award.

William P. Benac, Sr. and Mark W. Romney are the Co-Founders of the DFW Alliance for Religious Freedom which brings together people of faith, business, politics, and general interest to jointly promote and defend religious freedom. The Alliance seeks to discuss public policy without being political, focusing on the respect for the rights and beliefs of all believers.

Thanks to efforts to be ecumenical in its outreach, the Alliance continues to grow and now represents all of Texas and expects to be a model for a national organization with chapters in every major city and region in the country.
This year we are introducing a new Freedoms Foundation Donor Club, as a way of recognizing and thanking our incredibly loyal donors who have given $40 or more in 2021. In the table below are the different levels within the donor club as well as the tokens of gratitude you can expect to hear more about as we reach out in the coming weeks and months.

Meeting on this spot to rededicate ourselves to the dream that is America, it is difficult to avoid giving away to emotion so intense as to still the tongue and to leave any American silently grateful, humble, reverent: Here Washington waged and won the greatest fight of a fighting career. …

The freedom of the American people here experienced its greatest danger of extinction, here met its sternest challenge. Here also it fell heir to its finest example of courage and selflessness, of faith and conviction, of leadership and character.
Membership in the Joshua Chamberlain League (JCL), which began in 2018, is open exclusively to Freedoms Foundation at Valley Forge teacher alumni who have participated in a graduate seminar or workshop. Donations made by JCL members provide scholarships for future teachers to attend seminars and workshops.

Since its inception, JCL has raised $68,498 from 790 memberships.

In 2021, JCL’s membership consisted of 191 teachers and raised $20,377.

“Over the years I’ve watched Freedoms Foundation defend and promote freedom. I’ve seen the organization grow, and I’ve valued my association with it ... Be open to its message. Support the Foundation’s work. Let its magnificent flag serve as a banner of hope to all who love freedom throughout the world.”

— RONALD REAGAN
